

## **2008 LSU AgCenter Rice Research Station Field Day**

**The 2008 LSU AgCenter Rice Research Station Field Day had originally been scheduled for Thursday, June 26. However, we recently discovered that this will conflict with the Louisiana Farm Bureau Federation's Annual Convention which is scheduled for June 25-28 in New Orleans. Therefore, we have rescheduled the Rice Research Station's 2008 Field Day for Wednesday, July 2. Please mark your calendar. Additional details on the field day will be provided at a later date.**
